## Printing, Papermaking and Packaging Group Student Bursary 2005

The Printing, Papermaking and Packaging Group of the Institute of Physics presented their Annual Student Bursary to Philip Bowles during their Student Conference on October 19<sup>th</sup> at the University of Leeds. Philip is starting an MSc with the the Colour Imaging Group at the London College of Communication (London University of the Arts). His research is on “The Visual Appearance of Image Reproduction on Coloured Substrates: Quantifying the Effect of Partial and Chromatic Adaptation”.

The bursary of five hundred pounds is awarded to help support a UK-based student engaged in postgraduate research in any one or more of the 3Ps, in particular where the application of physics can be demonstrated.
